MISSION AND ACHIEVEMENTS

For the past 28 years, the BMP Foundation has been actively involved in the Brome-Missisquoi community. The Foundation is committed to the wellbeing of the patients as well as the health care professionals of the Brome-Missisquoi hospital.

MISSION

The Brome-Missisquoi-Perkins Hospital Foundation contributes to improving the accessibility and quality of health care provided to the people of Brome-Missisquoi by helping to finance the purchase of state-of-the-art equipment and by contributing to the implementation of projects for the continuous improvement of healthcare at the Brome-Missisquoi-Perkins Hospital.

ACHIEVEMENTS

Since 1993, the BMP Foundation has invested more than 33 million dollars (33M\$) in:

- The purchase of leading-edge equipment
- The modernization of its facilities
- Additional training for medical staff
- Providing student bursaries for studies in health care

A MESSAGE FROM THE FOUNDATION

Me Patrick Boucher
President of the Executive Board

Francis Laramée
Executive Director

Dear Readers,

The year 2020-2021 was a time when resilience and adaptation was a requirement for all workers, patients and their families. The Brome-Missisquoi-Perkins Hospital Foundation has been more creative than ever to continue to organize fundraising activities and raise funds. We are proud to share our 2020-2021 annual report which represent all of your extraordinary work over the past year.

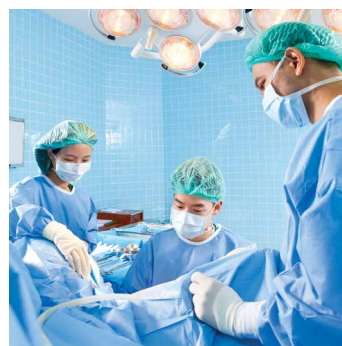

Thanks to the support of our generous donors, the BMP Foundation has been able to pursue its mission and contribute to improving the accessibility and quality of health care available to the Brome-Missisquoi population. Our team has been able to collaborate to the funding of several pieces of cutting edge technology equipment for the Brome-Missisquoi-Perkins Hospital.

Innovation

Innovation - This word was the key to overcoming this extraordinary year and also to reflect on the direction we should take as we emerge from this pandemic. With all of our events cancelled, we shifted our strategy funds with innovative fundraising activities order to satisfy the needs of the BMP Hospital. Our strategy has been to focus on take-away and virtual initiatives. These innovations allowed us to get to know our donors in a new way, and to think of new ideas for our calendar of events of the coming year!

Acknowledgements

We would like to sincerely thank our donors, sponsors, partners, participants and all those involved with the BMP Foundation who make each of our events a success! We would also like to extend a special thank you to all of our volunteers, you give their 110% and make our events a fun and enjoyable experience for our participants! The entire Brome-Missisquoi community appreciate your commitment! Thank you to the Foundation's permanent staff who have made the imaginary a reality during this uncertain period!

MESSAGE FROM THE CIUSSS de l'Estrie - CHUS

Robin-Marie Coleman
Présidente-directrice
générale adjointe
CIUSSS de l'Estrie - CHUS

Unwavering support, against all odds

For more than 28 years, the Brome-Missisquoi-Perkins Hospital Foundation's commitment to the health and social services facilities in its territory has manifested itself in significant contributions to ensure that the population of the RLS de La Pommeraiie has access to safe and accessible professional services. Despite the pandemic that hit our planet in 2020-2021, the foundation has been able to support projects worth over \$641,000.

On behalf of the users, the population, the physicians and the staff, we thank the Foundation for its major contribution of \$1.35 million to the expansion of the orthopaedic clinic and for its involvement in numerous projects, notably in ophthalmology and maternity, and for having provided funds for the purchase of several pieces of equipment, including physiotherapy, respiratory therapy-anesthesia and spiritual care respiratory therapy-anesthesia and spiritual care.

Through its involvement in the community, the Foundation has been able to maintain the support of its many donors, volunteers and partners, in a context where almost every facet of our lives has been disrupted. A feat for which the CIUSSS de l'Estrie - CHUS is all the more grateful.

EVENTS AND ACTIVITIES

2020 Calendar

The arrival of the pandemic forced the cancellation of all planned events. Despite this, the Foundation was able to initiate new activities, while respecting the sanitary measures in effect, to continue to raise funds.

We would like to take this opportunity to thank all of our sponsors and donors for their generous support. It is because of you that we have made progress despite the pandemic!

This year, we were pleased to present the 2020 Award to Mrs Cynthia Clinton, of the BMP Hospital Auxiliary Shop where she has been volunteering her time since 1993. The BMP Foundation is very fortunate to have such a dedicated individual like her! Thank you so much for your continued support to the Auxiliary, the BMP Foundation and your Hospital!

In June 2020, the 33rd BMP Classic was also cancelled due to the pandemic. However, \$13,875 in donations and sponsorships were raised.

In October 2020, the 5th edition of the BMP Oktoberfest was held in a fun and enjoyable takeout format: Bavarian lunch boxes for four people to enjoy in the comfort of your own home. On the menu: sauerkraut, potato salad, pretzels, mini apple cakes and a jug of beer "La Garde-Malade" brewed especially for the BMP Foundation by the West Shefford Brewers. Over More than 400 people attended the event, raising \$22,000.

The BMP Foundation held a "BMP Loto" draw, with tickets available to the general public, and 20 exciting prizes to be won: a CharBroil BBQ and accessories (1st prize), a \$1,000 gift certificate from Club Piscine (2nd and 3rd prizes), a set of gift certificates : \$600 at Rona and \$100 at Fromagerie Gourmande of Bromont (4th and 5th prizes), \$200 gift certificates at METRO (6th to 11th prizes), and finally Au Diable Vert family passes (12th to 20th prizes). The draw for the prizes and the announcement of the winners was held in November 2020. This initiative raised \$12,650 for the Brome-Missisquoi-Perkins Hospital Foundation.

The 31st edition of the Knowlton Golf Club's benefit tournament, scheduled for September 2020, has been changed from a golf tournament to a fundraising day. This change allowed us to raise \$1,500.

In October 2020 was held the 19th edition of the Virtual Walk to Fight Women's Cancers was held whose objective was to raise funds to end women's cancers, recording profits of \$85,000 for this virtual edition. This activity was organized by the Yamaska Valley Optimist Club with the involvement of two honorary co-presidents, Mrs. Louise Penny, a successful novelist, and Dr. Christine Cadrin, gynecologist at the BMP Hospital.

EVENTS AND ACTIVITIES

Calendar 2021

We started the year with two new events, in a series of several, that inspired the community to participate and give to improve health care in our region. A big thank you for this wind of solidarity!

For the month of love, the Brome-Missisquoi-Perkins Hospital Foundation team organized **“For the Love of BMP”**, an event where participants could purchase treats that were delivered to their door for free! Three gift basket options were available, ranging from \$25 to \$45 for all budgets, and depending on the size chosen, contained a fondue, a bucket of treats, a jar of candy, a hot chocolate mix for 2 with a little surprise and plush doll. This event touched the heart of the Brome-Missisquoi community and raised \$5,000.

The virtual event **“Rire sous prescription”**, a comedy gala broadcast live from the Théâtre des Tournesols in Cowansville, brought laughter and a smiles to many during this difficult period. Among the comedians who joined together for a good cause were the duo Dominique & Martin, Pierre Hébert and Katherine Levac. In addition, this virtual event was recorded so that ticket holders could watch the show again up to 7 days after the fundraiser. A memorable Saturday night for participants that raised \$30,000.

 Donation of chocolates for the employees

Donation of easter chocolates for the BMP Hospital employees

Donation of hand sanitizer hand sanitizer for hospitals in the region

Donation of pizzas to hospital employees once a week

Donation of healthy meals for BMP Hospital Emergency Department staff

BMP SCHOLARSHIP PROGRAM

The Brome-Missisquoi-Perkins Hospital Foundation scholarships have two objectives:

- To encourage and assist local students to undertake or pursue college studies in the health care or nursing field, depending on the scholarship awarded;
- To establish and promote a positive relationship between the bursary recipient and the BMP Hospital (CIUSSS de l’Estrie - CHUS La Pommeraiie) which may eventually result in an offer of employment.

HIGH SCHOOL SCHOLARSHIPS

The BMP Foundation is offering a \$500 scholarship to four schools in the Brome-Missisquoi territory to reward the efforts of high-achieving students. The recipients of the 2020 scholarships were: Émilie Poulin (Massey Vanier School in Cowansville French sector), Marie Robichaud (Massey-Vanier School in Cowansville, English sector), Émilie Cloutier and Cloutier and Makayliah Downes (Wilfrid-Léger School in Waterloo) and Zachary Bonneau-Lebleu (Jean-Jacques Bertrand School in Farnham).

CÉGEP SCHOLARSHIPS

Students graduating from high school and enrolling in health care programs at the CEGEP or CRIF can apply for one of the two scholarships offered by the Brome-Missisquoi-Perkins Hospital Foundation. Cégep or CRIF, can apply for one of two scholarships from the Brome-Missisquoi-Perkins Hospital Foundation. These scholarships, in the amount of \$6,000 each (\$2,000 per year for a maximum of three years), are intended to support students in their studies and maximize their academic potential. The nursing scholarship was awarded to Sarah-Maude Pomerleau and the health care scholarship was awarded to Valérie Liehti.

The BMP Foundation gratefully acknowledges the contribution of the Chawkers Foundation for the scholarships and bursaries, to support the next generation of health care professionals. Without the support of organizations that are sensitive to the challenges of tomorrow, this type of project would not be possible.

SCHOOL VISITS

Due to the sanitary emergency context, the BMP Foundation was not able to accommodate high school students for guided tours of the BMP Hospital. Our Foundation is committed to this activity and will resume hosting tours when conditions will allow in order to continue inspiring young students to pursue a career in health care!

COLLEGE SCHOLARSHIP

In honor of Ms. Effie Margaret Côté

We are pleased to announce the creation of a new scholarship dedicated to university studies, the Effie Margaret Côté Scholarship. This important bursary of \$10,000 will be awarded in April 2021 to a nursing student or a current health care worker who is continuing his/her education at the university level. A long-time volunteer, Effie Margaret Côté has been involved with the BMP Hospital for over 30 years. Passionate and dedicated to her community, this scholarship is a testament to her continued support of the BMP Hospital and other organizations: volunteer with the Women’s Catholic League to provide hot meals to soldiers, the BMP Hospital Auxiliary, the Knowlton Wellness Project, member of the BMP Hospital Board of Directors from 1982 to 1984, recipient of the International Women’s Day Award from the Yamaska Valley Optimist Club in 2008 and named BMP Hospital Volunteer of the Year in 2009.

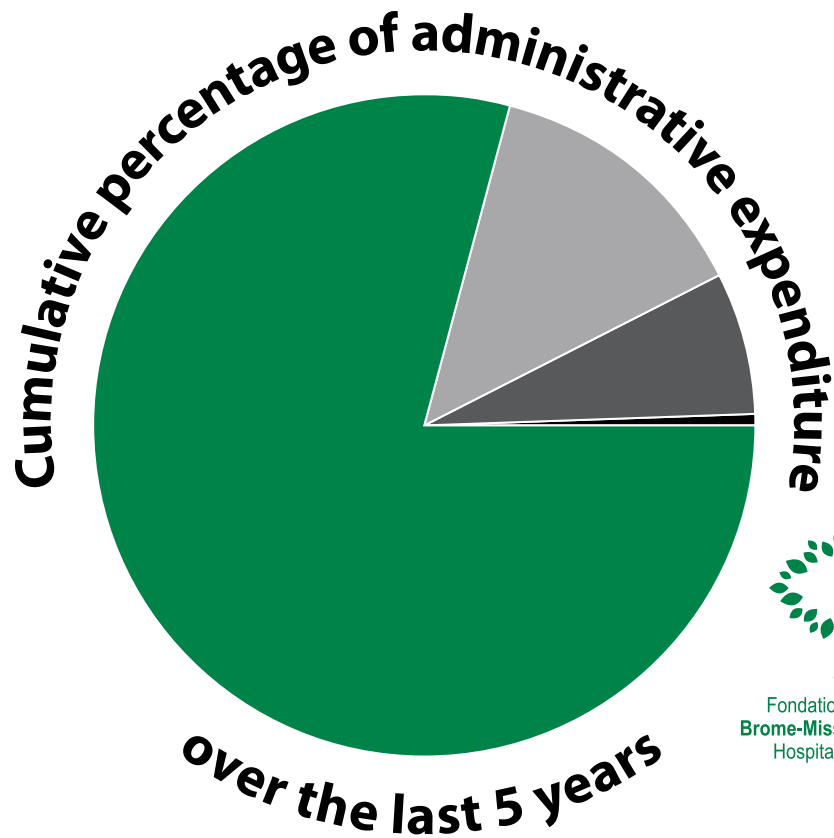

Ms. Effie Margaret Côté

All funds raised are invested exclusively in projects and equipment for the Brome-Missisquoi-Perkins Hospital in Cowansville and its related services.

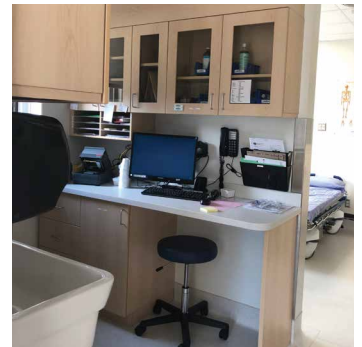

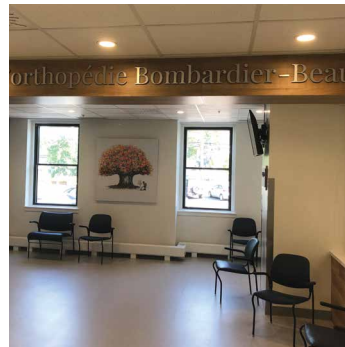

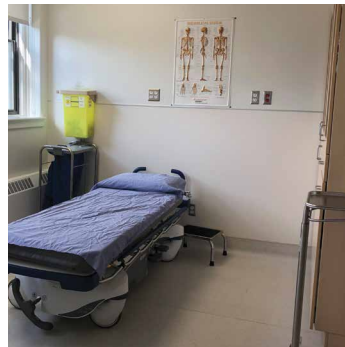

PROJECTS FUNDED

Orthopedic Clinic – \$1.35 million

A remarkable expansion

The BMP Hospital orthopedic clinic needed to expand its premises in order to meet the ever-growing demands and maintain timely access to orthopedic care. Thanks to the BMP Foundation's investment, the size of the department has increased from 241 m² to 548 m². The redevelopment also improved the privacy and comfort of patients receiving orthopedic care. Access to technical facilities related to orthopedics, such as medical imaging, is greatly facilitated for the clientele with reduced mobility. The opening of this new, vast and modern clinic on March 10, 2020, has allowed orthopedic physicians and the clinical team to continue to offer high quality care in a better suited environment for the needs of the patients.

Operating Room – \$107,000

New acquisitions of leading edge of technology equipment

ORL (Oto-Rhino-Laryngology) Endoscope

When patients come to the Emergency Department to have an obstruction removed from their airways, specialists at Brome-Missisquoi-Perkins Hospital can now use a rigid endoscope to extract them. Previously, patients sometimes had to be moved to other hospitals, which diminished the resources available at the BMP Hospital because the specialist had to follow the patient. With this acquisition, we are maximizing staff efficiency for the care of all patients.

Volumetric infusion pumps (syringe pumps)

The increase in respiratory distress and sanitary hygiene measures has greatly complicated the work of respiratory therapists who must sometimes administer several medications simultaneously to the same patient. The use of volumetric pumps automatically administer exact doses of medication at precise times. The Brome-Missisquoi-Perkins Hospital Foundation is pleased to have funded the addition of volumetric pumps to better meet the growing needs and reduce the number of situations who require manual administration of drugs. This helps to reduce the risk of error and also allows staff to look after other tasks.

MAJOR FUNDRAISING CAMPAIGN 2018-2022

S'ÉLEVER RISE

Thank you for supporting our major fundraising campaign!

We would like to express our sincere gratitude to all the donors who have contributed to our major fundraising campaign over the past year and to those who have chosen to maintain their pledge despite the impact of the pandemic. This strong and generous support, now totalling \$4,525,000, allows us to stay the course on our campaign objectives. Having completed the redevelopment of the orthopedic clinic, we are now turning our attention to the needs of the operating room and the addition of medical equipment at the Brome-Missisquoi-Perkins Hospital. The global health emergency has greatly changed hospital processes; adding and upgrading medical equipment is one of the solutions to maintaining efficiency in health care despite the slowdowns caused by the pandemic. When the world returns to normal, our health care professionals will need state-of-the-art equipment to deliver health care and meet the growing needs of our community. By choosing to contribute to our major campaign, you are enabling the BMP Hospital Foundation to continue to RISE to the challenge of health care needs. Our goal is within reach, but with the current limitations we need the generosity of heroes like you more than ever to achieve it! A sincere thank you for caring about improving health care in our area!

Testimonial

Félix Munger, Orthopedic Surgeon and Head of Clinic

Thanks to the support of the BMP Foundation, we are now working in a facility that is adapted to the reality of our patients' needs. Being able to provide care in a welcoming, confidential and well-designed space is a motivating factor for me and the entire Bombardier-Beaudoin Orthopedic Outpatient Clinic team. The BMP Foundation has the power to make many remarkable changes possible through community support. I invite you to give generously to this important fundraising campaign!

THANK YOU TO OUR VOLUNTEERS AND COMMUNITY MEMBERS

The Brome-Missisquoi-Perkins Hospital Foundation is honored to have a very active and involved community. In addition to the BMP Foundation's flagship events, individuals are also getting involved for their hospital!

Rona Bromont and Knowlton

During the whole month of September 2020, it was possible for customers in Rona Bromont and Rona Knowlton stores to make donations between \$2 and \$10 at the time of the checkout. As part of the "Heroes of Lowe's" campaign, Lowe's Canada donates 50% of the total amount raised in-store.

Total amount donated: \$8,362.51

Friends for Life

Three friends joined together to do a 20 km walk to raise money for the Walk to Fight Women's Cancer. Their walk began with a 14 km round trip in Abercorn and then headed to Sutton for another another 6 km.

Total amount raised: \$9,090

I'm F.I.N.E." Face Covers

Mrs. Louise Penny, author of best-selling novels, made a fundraising campaign for the Walk to Fight Women's Cancer. She donated a percentage of her sales of face covers sold in the Brome Lake Bookstore. This was a wonderful donation that helped raise more money for the 2020 edition of the walk.

Total amount donated: \$7,000

Do you want to make a difference in the Brome-Missisquoi community?

It is always a good time to initiate your own project! The BMP Hospital Foundation has created a fundraising guide for you to run your own fundraising campaign and make a difference for the BMP Hospital. The guide covers all aspects of your event to assist you in your fundraising project. If you are interested in organizing a fundraising event, please contact us at 450-266-5548 or visit our website at www.foundationbmp.ca.

Mr. Mario Lagimonière

We wish to acknowledge the dedication, availability and attention of Mr. Mario Lagimonière as Chairman of the Brome-Missisquoi-Perkins Hospital Foundation board of directors from 2013 to 2020. Prior to 2013, Mr. Lagimonière served as a director for many years before becoming president of the organization.

His openness has led to great achievements, such as the 2008-2013 major fundraising campaign to reorganize the emergency clinic and bring quality of life improvement for patients and staff of the BMP Hospital.

He has again joined the fundraising efforts of the 2018-2022 major campaign where he celebrated the great work of our team and the generosity of all donors in the realization of major projects such as: the establishment of the outpatient surgical clinic, the reorganization of the oncology clinic into new premises as well as the expansion of the orthopedic clinic.

Mr. Lagimonière believes in teamwork, because otherwise it is not possible to achieve such great accomplishments. As an organization working in the field of health care, it goes without saying that the well-being of everyone is important to him, from the staff of the BMP Hospital and its users, to his fellow directors and the Foundation's permanent staff.

In August 2020, he decided to step down as Chairman of the Board. He still serves on the Board as Chairman Ex-Officio and continues to share his experience to bring the best to the Brome-Missisquoi-Perkins Hospital Foundation.

The members of the Board of Directors and the permanent employees of the Foundation thank you, Mr. Lagimonière, for your involvement and the time you have invested in our great organization. It is an honour to work with you on the BMP Foundation's projects.

IN MEMORIAM DONATIONS

An In Memoriam donation is a gesture of love and support made in memory of a deceased loved one. It is an opportunity to express sympathy while supporting a cause important to the family and loved ones of the deceased. It is also a mean to show appreciation to the nursing staff for the medical care provided to the patient during his or her last visit to the Brome-Missisquoi-Perkins Hospital.

Giving to the Brome-Missisquoi-Perkins Hospital Foundation is a way of keeping alive the memory and values of a loved one through our mission.

The Foundation wishes to express its deepest condolences to the bereaved families.

In addition, the Brome-Missisquoi-Perkins Hospital Foundation would like to thank all donors who have dedicated their gifts in honour of a birthday or special event in the past year. This form of giving is an important part of the contributions received during the year and demonstrates a strong commitment from our population to the improvement of health care in Brome-Missisquoi.

PLANNED DONATIONS AND LEGACY GIFT

Planned Giving

In addition to general donations and charitable events organized by the BMP Foundation, it is also possible to contribute to our organization through planned giving. Planned giving is another form of charitable contribution that is organized today with professionals such as your notary, your financial planner or possibly your lawyer.

There are many reasons to consider this type of donation: to make a change for a cause that is important to you upon your death, to ensure that your last wishes are respected, to free you from the cost of a financial product that you no longer need or to allow you or your heirs to benefit from interesting tax advantages.

Several forms of planned giving

Bequest in your will

Your wishes and your contribution to the BMP Foundation are recorded in your will by your notary. You can leave a specific amount of money, a residual amount after payment of your debts, or designate the BMP Foundation as the beneficiary of a portion of your assets.

Life Insurance

You may choose to name the BMP Foundation as the beneficiary of one of your life insurance policies upon your death. It is also possible to donate a life insurance policy for which you no longer wish to pay the premiums, rather than cancelling it. Your financial planner will be able to explain the tax advantages available to you depending on your situation.

RRSPs (RRIFs), life annuities and securities

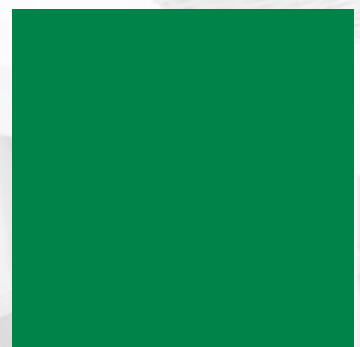

It is possible to plan for a comfortable retirement while contributing to the improvement of health care at BMP Hospital. A gift of RRSPs, a life annuity or a gift of securities (stocks) is one way to support our mission, without necessarily disbursing additional funds from your portfolio. Your accountant or financial planner will be able to explain the nuances and tax benefits of these options and how much money your donation could save you.

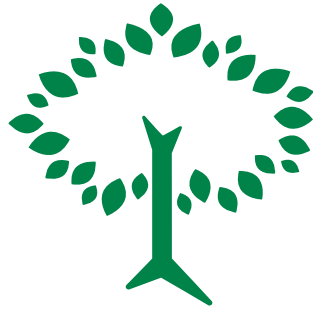

Planning at all levels

This form of giving allows you to express your desire to give now or in the future to a cause that is important to you. By consulting professionals in your field, you can identify a solution that allows you to give without necessarily spending money today.

It is important to consult with trusted specialists to ensure that your planning will have the desired results. To ensure that all of your wishes can be realized, it is also important to contact the BMP Foundation to discuss your planned giving goal. Our team will be able to talk to you about the recognition available and ask you critical questions about your wishes. Depending on the specifics of your plan, our team would be pleased to join you in a meeting with your advisors. Contact us now with any questions.

The triangular collaboration between you, your professionals and the BMP Foundation is the key to the success of your planned giving and the philanthropic goal you wish to achieve.
